Principals Comment

Hello Rev. Coplin,
I just wanted to let you know what an overwhelming wonderful response we had from our teachers and staff members on your professional development session on last Friday. Our faculty found your program highlights to be very impactful, uplifting and empowering. It was an amazing send-off for the weekend & helped our teachers to get recharged for the upcoming month.

Thank you again.

STUDENT COMMENTS

"Before I came to the program I didn't love myself. But after hearing the kind words of life from people here, I now speak words of kindness to everyone including myself!" (5th grader)"Before I came to the program I didn't love myself. But after hearing the kind words of life from people here, I now speak words of kindness to everyone including myself!" (5th grader)

"I only feel happy being here! This program helps people with their mentality." (8th grader)

"Speaking life twice has helped me personally because I was in a dark depression moment with low confidence. It picked me up, boosted my confidence and made me believe that I am something and that I will and can get somewhere in life." (High Schooler)

"This program has helped me. When I feel like getting mad and speaking words of death to my sister and friends, I stop and think about what I'm saying and then speak words of life. I've seen a big change in how my friends and sister act for the rest of the day towards me and other people!" (5th grader)
